Our Most Popular Models

Custom Built Trailers

Custom Built Trailers

Other

Popular Models

The most versatile range of custom built trailers in the industry.

Drop Frame

The original moving van. When cube and payload count, go with a drop frame.

Pallet Van

Kentucky Trailer's pallet van with 66" wide doors from front to rear is ideal for container loads.

Climate Van

The insulated climate van provides the ultimate protection for climate sensitive cargo.

Electronics

Versatility in placement of multiple curbside and roadside doors make it the most popular model in the moving industry.

Double Drop Electronics

Drop the floor between the landing gear and axles and keep the tail of an electronics van for increased capacity, ease of operation and car hauling.

Special Commodities

The right trailer for the right job, from a dry freight van to a complex unit with side doors and storage boxes.

Dry Freight Composite

Kentucky Trailer quality meets dock-to-dock freight hauling.

When you think of Kentucky Trailer, think customization, because every load is different.

Kentucky Trailer pioneered, engineered and manufactured the modern custom trailer earning the reputation as industry leader.

Drop Frame

To maximize cubic capacity, drop the floor in front of and between the axles.

Spread Axles

Spread axles for increased hauling capacity.

City Mover & City Pallet

A shorter van specifically designed for inner city and office moves in congested urban areas.
